Summer School Information

Does your 7th or 8th grader want to take summer school in order to have two electives for the 22-23 school year?

Current 7th Grade

Students that would like to take an additional elective can take a semester of Health 8 and a semester of PE 8 during the summer. **It is not necessary or recommended for students to have more than one elective in 8th Grade, unless the student is taking Performing Arts and Foreign Language classes.**

****Students cannot take Health 8 and PE 8 to be a Student Aide.***

Students that elect to take a course during summer school **are not** guaranteed their top elective choice(s) for the 2022-23 school year.

The following are the choices for summer school. (CCSD and DELTA ACADEMY). Both are offered online. External PE credit is also an option. If you're interested in signing up, please view the **summer school information flyers [NVLA online](#) and [DELTA](#). Then complete the google form [here to sign up](#). Mrs. Martinez will then contact you for approval and get you enrolled. Any questions, email Mrs. Martinez at martiga1@nv.ccsd.net**

Current 8th Grade

Students that would like to take additional electives in high school can take a semester of Health 9 (if they have completed the required computer class in 6th grade) *and/or* a full year of PE I. **Summer school is only recommended for students enrolled in the AP Academy, a Performing Arts class, and/or a Foreign Language Class.**

If you have questions regarding which summer school classes that you should take to complete your classes in high school, contact your high school counselor.

There are three choices for summer school. (CCSD in person, NVLA online and DELTA ACADEMY online)

If you're interested in signing up, please view the **summer school information flyers [CCSD in person](#), [NVLA online](#) and [DELTA](#).**

Then complete the google form [here to sign up](#). Ms. Argier will then contact you to get you enrolled. Any questions, email Ms. Argier at argiel@nv.ccsd.net
